Dear Sirs:

In response to the Species Election dated August 5, 2003, Applicants hereby respond as follows.

Applicants hereby elect for initial prosecution the claims directed to "a method for tracking usage parameters of product pulled from a roll". Claims 38 thru 64 read on this species election.

For the Examiner's convenience, enclosed is a listing of all of the pending claims. Please note that various dependent claims have been added that are directed to a non-elected species. The independent claim from which they depend, however, is a generic claim to the newly added claims. Thus, Applicants submit that should claim 38 be allowed, then the newly added claims should be allowed as well.
